We believe everyone can benefit from a Life Recovery experience. We all have struggles in life; addictions, struggles with food, depression, anxiety, relationships, just to name a few. But everyone approaches recovery from different angles. Some people want a formal recovery meeting that has a traditional recovery experience. Others may want a recovery experience in a small informal group, or an existing group they're comfortable with at their church. And some may want to learn about recovery at their own pace before they jump into a group or meeting experience. This is the beauty of Life Recovery. It is completely customizable, flexible and scalable to meet the needs of your community, right where you're at.
