

*Has the pain of someone's betrayal
devastated your life?*

*The **Restore Intensive**
helps women whose
hearts have been
shattered by betrayal
find hope. Many women
who come to the
workshop feel very
alone and are filled
with shame, anger
and worthlessness.
Some have never even
shared their story. But
once they arrive, they
discover women of
all kinds and ages are
struggling as well, and
they begin to feel safe
to open up and share.*

*Restore is the place to
realize you are not alone.
Restoration is possible – if
not for your marriage, for you!*
